

I think of the Mediterranean as a fusion between Meditation and Earth, altering the meaning.

'Meditating' means scrutinizing with considerable attention, thinking and elaborating with the mind and spirit,

'Earth' instead means the planet we live in, the earth we walk on and cultivate, and figuratively speaking the blood and roots that hold us to something or someone.

Putting these two thoughts together means to me, meditating on our memories, on our history. The Mediterranean is the symbol of this all: a sea that has united different peoples, traditions and cultures for centuries.

The water of the Mediterranean Sea flows, mixes, contaminates and unites.

This is why my menu takes a little of everything that is 'inside' the Mediterranean, and transforms it into something new, different.

This menu is my interpretation of the Mediterranean culture *Mèdi/Terrae*.
